b. COMOR-D-37/2, 16 August 1961

1. The attached memorandum from the Chairman, United States Intelligence Board (USIB), regarding the above subject is being circulated for the information of USIB Principals, particularly regarding the Chairman's request in paragraph 4. of the Attachment.

2. It is not contemplated that the attached memorandum will be placed on the USIB agenda unless a USIB Principal so requests prior to the close of business 2 May 1966. In the absence of such a request, it will be considered for record purposes that USIB "noted" the attached memorandum on that date.

OFFICE OF THE CHAIRMAN

22 April 1966

MEMORANDUM FOR : United States Intelligence Board Principals

SUBJECT : Increase in Quarterly Billets for
T-KH Clearances

1. Before forwarding the last quarterly report on T-KH billets to the White House, I noted some considerable increases and requested that a check be made as to the basis for these. The answers received were convincing, but I do have some continuing concern with the over-all security aspects of the T-KH program.

2. I am, of course, anxious that all those activities which need to use T-KH material are cleared promptly so as not to delay any work you may have in process. I do have some question as to whether in certain instances full advantage is being taken of our sanitization procedures. With regard to the latter, I have asked the TCO of the Central Intelligence Agency to examine this at the COMOR level.

3. On the question of your need for T-KH material and the number of clearances, you appreciate that I have a dual responsibility. On the one hand, I must report quarterly to the White House, and the increases year by year are considerable; and on the other, I wish to insure that you get clearances as promptly as possible. To assist me in both instances, I propose that you provide me with an estimate of needs for the balance of 1966. This estimate is not expected to be precise as to numbers, nor will you be held to it volumewise, should unforeseen requirements develop.

4. In summary, what I request is the following:

a. Your estimate of the need for additional T-KH billets for the balance of 1966 reported by office, unit, etc. If the additional billets represent normal growth of units already using T-KH material, I would not expect you to comment on such increases. If, however, the increases

are considerable and represent new programs, comments will be required and the same applies to the establishment of new units requiring billets.

b. Should your needs change substantially during the year, address the justification for additional billets to the TCO/CIA. It will be his responsibility to compare the new demand to your over-all program and to advise me on the change.

c. I suggest that these reports be annual, to be sent me in January of each year.

MEMORANDUM FOR: TALENT Control Officers of DDI, ORR, OSI,
OCI, NPIC, DDP, DDR/DPD, and TSO/CIA

SUBJECT: Review of TALENT and KEYHOLE Billets

1. The Director of Central Intelligence has initiated in the Community a review of the Community's TALENT and KEYHOLE billet holdings to determine whether the number of billets might not be substantially reduced.

2. The Director has stated that the criterion for such a review shall be "the need to know" looking toward the establishment of the minimum number of permanent billets required to permit proper operational and other activities.

3. Accordingly, you are requested to submit to the undersigned by the close of business of 2 April a statement:

a. That a review has been conducted in your organizational unit;

b. The number of TALENT and KEYHOLE billets held for your organization as of 15 March along with the number of billets which you have been able to abolish; and

c. That the residual number is the minimum required for the proper functioning of your organization.

4. In making this review, it is suggested that your office take into account the fact that to date the United States Intelligence Board has approved the downgrading and release from the System all TALENT photography acquired prior to 1 May 1960 on the USSR, European Satellites,

Communist China including Tibet, and in addition seven missions over North Vietnam in January 1961. Countries for which TALENT materials exist but which are not now approved for downgrading and release are: Cuba, North Vietnam since August 1961, Indonesia (1957), and the Middle East. All of the latter materials are subject to sanitization procedures as set forth in the TALENT Sanitization Manual (recently revised). Furthermore, information acquired through current missions over Cuba and North Vietnam is made available through a SitSum classified lower than codeword.

5. It is, of course, recognized that the TALENT clearance is required for a KEYHOLE certification. However it is also recognized that KEYHOLE photography is confined to the USSR, China, and the Eastern European Satellites.

SUBJECT: Copy of the Presidential Directive
Regarding the TALENT-KEYHOLE System

1. Attached hereto is a copy of the Presidential Directive of August 26, 1960 approving the TALENT-KEYHOLE Security System. The Special Assistant for National Security Affairs has approved that this be disseminated for the explicit use of each of the chiefs of intelligence of the participating agencies and others only on his authorization.

2. It is noted that, on October 5, 1960, the White House Staff Secretary to the President informed the Director of Central Intelligence that the Presidential Directive did not refer to the SAMOS project for which separate procedures must be developed and instituted.

MEMORANDUM FOR

The Secretary of State
The Secretary of Defense*
The Attorney General**
The Chairman, Atomic Energy Commission
The Director of Central Intelligence

I hereby direct that the products of satellite reconnaissance, and information of the fact of such reconnaissance revealed by the product, shall be given strict security handling under the provisions of a special security control system approved by me. I hereby approve the TALENT-KEYHOLE Security Control System for this purpose.

Within your agency, you shall be personally responsible for the selection of those personnel who will have access to the foregoing information and for determining the scope of that access. Access is to be on a "must know" basis related to major national security needs. A list of those selected shall be furnished to the Director of Central Intelligence, who will maintain and review the control roster. When they are indoctrinated, they shall be informed of my specific direction to them that the provisions of the special Security Control System I have approved be strictly complied with, including the prohibition upon them of imparting any information within this system to any person not specifically known to them to be on the list of those authorized to receive this material. The responsibility for the selection of personnel may be delegated only to the senior intelligence chief or chiefs within the agencies serving as members of the U. S. Intelligence Board.

The Director of Central Intelligence, in consultation with the U. S. Intelligence Board, will be responsible to me for determining all questions involved in the continued protection and control of the foregoing material and information, including the development of a common understanding as to the meaning of the term " 'must know' basis related to major national security needs, " and a broad consensus as to the numbers of personnel in each agency comprehended by this term.

SUBJECT: Quarterly Report on TALENT-
KEYHOLE Billets

1. Attached is a copy of the memorandum addressed to the COMOR, looking toward the preparation of the quarterly report on T-KH billets to be compiled as of 1 November 1961.

2. This memorandum is to advise you that the same standards as applied to the other agencies will be in the case of CIA applied to each office. In addition, I am requesting the TSO/CIA to maintain the comparable records for the DDS, the Treasury, AEC, FBI, and the White House, which will include the President's assistants and consultants directly to him and separately identified: Bureau of the Budget, the President's Scientific Advisor's Committee, the President's Committee on Foreign Intelligence, and any other units which may be established by the President where KH clearances are involved.

15 August 1961

MEMORANDUM FOR: COMOR

SUBJECT: Quarterly Report on TALENT-
KEYHOLE Billets

1. Attached for your information is a copy of the quarterly report transmitted to the Special Assistant to the President for National Security Affairs. For your information the Director of Central Intelligence has approved the recommendation of COMOR that the approval procedure used during this quarter for KH billet increases be continued. Accordingly, each participating agency will, as in the past, submit requests for new billets in T-KH with explanations to the TCO/CIA for approval.

2. Inasmuch as a quarterly report will be required on the status of KH billets as of 1 November and in order to facilitate the preparation of that report, it would be appreciated if you would make plans now in your record keeping to provide the following summary information:

a. The number of TALENT billets (as distinct from briefed personnel) held by your agency as of 1 November;

b. The number of T-KH billets approved for your agency during the quarter 1 August to 1 November (this would be a figure separate from the total number approved for your agency as of 1 August 1961);

c. A brief but discriminating explanation of why the increment during the upcoming quarter was necessary.

3. Whereas it is recognized that a time lag may develop between the approval of billets and the clearance and certification of individuals, it would appear that the difference in the two figures (i.e., billets approved and persons certified) should not be great, or if it is, this should be explicable, e.g., the recent approval of a large block for a particular function and the administrative delays in accomplishing the

clearances and certifications. In the course of the preparation of the last report in at least one case, military reorganization and cutback permitted the discontinuance of a number of TALENT billets. Participating agencies are reminded that both T and T-KH billets should not generally be considered transferable, since the approval was for the express function indicated.

MEMORANDUM FOR: Special Assistant to the President
for National Security Affairs

SUBJECT: Quarterly Report on
TALENT-KEYHOLE Billets

1. Your memorandum to me of 8 May 1961 indicated that the President considered it sufficient if I were to continue to exercise the supervisory responsibility for TALENT-KEYHOLE billets assigned to me by a memorandum from President Eisenhower dated 26 August 1960. Your memorandum requested that I send to your office quarterly an account of the total membership in the TALENT-KEYHOLE organization and a brief justification of the billets added since 8 May 1961.

25X1A 2. In keeping with that request, I am submitting as an attachment a summary of the billets in the TALENT-KEYHOLE System. You will note that the increase of billets within the United States Government, since the President's approval of the last increment as of 8 May, totals [REDACTED] As you requested, a brief justification for these increments, which I have authorized, is also provided.

25X1A

25X1A 3. Since 8 May and with the President's approval arrangements have been made with [REDACTED] for its participation in the exploitation of KH materials and information. Such arrangements were concluded 25X1A with the concurrence of the United States Intelligence Board. [REDACTED] has established a total of [REDACTED] T-KH billets, of these [REDACTED] are for the [REDACTED] and the remainder are for intelligence researchers, administrators, and policy officials.

12 May 1961

MEMORANDUM FOR: COMOR Members

SUBJECT: Notice of KH Billet Approval

1. The request for expansion of T-KH billets set forth in SC-04952-61 and its attachment, SC-04950-61-KH, have been approved.
2. Each agency may now proceed to fill these billets as circumstances require and in accordance with standard procedure.
3. For the future the Director of Central Intelligence has been directed to exercise the supervisory responsibilities assigned to him in the Presidential Directive dated 26 August 1960 and to send to the White House a quarterly account of the added membership in the T-KH organization with a brief justification of these numbers. Details of how the advisory responsibility noted above might best be exercised will be the subject of discussion at the COMOR meeting on May 23d.
4. The memorandum of approval of current KH expansion calls attention to highest concern for the security of T-KH information. It points out that the Director of CIA is relied upon to insure that access to this information is severely limited to those who have a strong "need-to-know" and also to insure that all of them understand the particular sensitivity of this information. Participating agencies will please take note of this injunction.
